Schedule A (Form 940) for 2016:

Multi-State Employer and Credit Reduction Information

Department of the Treasury — Internal Revenue Service

Employer identification number (EIN)	
Name (not your trade name)	

OMB No. 1545-0028

See the instructions on page 2. File this schedule with Form 940.

Place an "X" in the box of EVERY state in which you had to pay state unemployment tax this year. For each state with a credit reduction rate greater than zero, enter the FUTA taxable wages, multiply by the reduction rate, and enter the credit reduction amount. Don't include in the *FUTA Taxable Wages* box wages that were excluded from state unemployment tax (see the instructions for Step 2). If any states don't apply to you, leave them blank.

Instructions for Schedule A (Form 940) for 2016:

Multi-State Employer and Credit Reduction Information

Specific Instructions: Completing Schedule A

Step 1. Place an "X" in the box of every state (including the District of Columbia, Puerto Rico, and the U.S. Virgin Islands) in which you had to pay state unemployment taxes this year, even if the state's credit reduction rate is zero.

Note: Make sure that you have applied for a state reporting number for your business. If you don't have an unemployment account in a state in which you paid wages, contact the state unemployment agency to receive one. For a list of state unemployment agencies, visit the U.S. Department of Labor's website at www.workforcesecurity.doleta.gov/unemploy/ agencies.asp.

Step 2. You're subject to credit reduction if you paid FUTA taxable wages that were also subject to state unemployment taxes in any state listed that has a credit reduction rate greater than zero.

If you paid FUTA taxable wages that were also subject to state unemployment taxes in any state that is subject to credit reduction, find the line for each state.

In the FUTA Taxable Wages box, enter the total FUTA taxable wages that you paid in that state. (The FUTA wage base for all states is \$7,000.) However, don't include in the FUTA Taxable Wages box wages that were excluded from state unemployment tax. For example, if you paid \$5,000 in FUTA taxable wages in a credit reduction state but \$1,000 of those wages were excluded from state unemployment tax, report \$4,000 in the FUTA Taxable Wages box for that state.

Note: Don't enter your state unemployment wages in the *FUTA* Taxable Wages box.

Then multiply the total FUTA taxable wages by the reduction

Enter your total in the Credit Reduction box at the end of the

Step 3. Total credit reduction

To calculate the total credit reduction, add up all of the Credit Reduction boxes and enter the amount in the Total Credit Reduction box.

Then enter the total credit reduction on Form 940, line 11.

Example 1

You paid \$20,000 in wages to each of three employees in State A. State A is subject to credit reduction at a rate of 0.003 (.3%). Because you paid wages in a state that is subject to credit reduction, you must complete Schedule A and file it with Form

Total payments to all employees in State A .						\$60,000		
Payments exempt from FUTA tax (see the Instructions for Form 940)						. \$0		
Total payments made to each employee in excess of \$7,000 (3 x (\$20,000 - \$7,000))						\$39,000		
Total FUTA taxable wages you paid in State A entered in the FUTA Taxable Wages box (\$60,000 - \$0 - \$39,000) \$21,000								
Credit reduction rate for State A						0.003		
Total credit reduction for State A (\$21,000 x 0.0	03)					. \$63		

Don't include in the FUTA Taxable Wages box wages in excess of the \$7,000 wage base for each employee subject to state unemployment insurance in the credit reduction state. The credit reduction applies only

to FUTA taxable wages that were also subject to state unemployment tax.

In this case, you would write \$63.00 in the *Total Credit* Reduction box and then enter that amount on Form 940, line 11.

Example 2

You paid \$48,000 (\$4,000 a month) in wages to Employee A and no payments were exempt from FUTA tax. Employee A worked in State B (not subject to credit reduction) in January and then transferred to State C (subject to credit reduction) on February 1. Because you paid wages in more than one state, you must complete Schedule A and file it with Form 940.

The total payments in State B that aren't exempt from FUTA tax are \$4,000. Since this payment to Employee A doesn't exceed the \$7,000 FUTA wage base, the total FUTA taxable wages paid in State B are \$4,000.

The total payments in State C that aren't exempt from FUTA tax are \$44,000. However, \$4,000 of FUTA taxable wages was paid in State B with respect to Employee A. Therefore, the total FUTA taxable wages with respect to Employee A in State C are \$3,000 (\$7,000 (FUTA wage base) - \$4,000 (total FUTA taxable wages paid in State B)). Enter \$3,000 in the FUTA Taxable Wages box, multiply it by the Reduction Rate, and then enter the result in the Credit Reduction box.

Attach Schedule A to Form 940 when you file your return.
